The Computer Association of Thailand under the Royal Patronage of His Majesty the King, Thailand Chapter of the Computer Society of the IEEE, Thailand Chapter of the Association for Computing Machinery, Thailand Chapter of the Internet Society, and related learned societies are organizing the International Conference of Information Technology to Celebrate S. Charmonman's 72<sup>nd</sup> Birthday as shown in the "Call for Papers" in Attachment #1 and in [www.Charm72.com](http://www.Charm72.com). The Conference will be organized similar to the "International Conference on eLearning for Knowledge-Based Society" in the years 2004, 2005, 2006, 2007 and 2008 ([www.elearningAP.com](http://www.elearningAP.com)). It is expected that there will be about 40 papers from more than 10 countries. Accepted papers will be published in the Special Issue of the "International Journal of the Computer, the Internet and Management" with the cover shown in Attachment #2, and a sample of the message from the Prime Minister shown in Attachment #3. The IJCIM have been sent to major libraries in advanced countries such as USA, UK, Canada, etc. as well as libraries in Thailand.

We would like to invite you to sponsor the Conference and publication of the Proceedings as a Gold Sponsor or a Silver Sponsor.

1. Gold Sponsor at 100,000 Baht with the following privileges:
  - Massage in A4 size and 4-colors photograph of the executive to be published in the front part of the Proceedings.
  - One A4 Advertisement in 4 colors in the Proceedings.
  - Logo on the front cover of the Proceedings.
  - Logo on the stage of the Conference Venue.
  - Sending a keynote speaker, if you wish.
  
2. Silver Sponsor at 50,000 baht with the following privileges:
  - Massage in A4 size and black and white photo of the executive to be published in the front part of the Proceedings.
  - One A4 Advertisement in black and white in the Proceedings.
  - Logo on the front cover of the Proceedings.
  - Logo on the stage of the Conference Venue.
  - Sending a keynote speaker, if you wish.

Your becoming the Sponsor of the Conference will be highly appreciated. Please use the Sponsor Booking Form in attachment #4.

Sincerely Your,

Prof. Dr. Srisakdi Charmonman  
Honorary Chairman  
of the Conference Organizing Committee

- To facilitate knowledge-sharing for ongoing initiatives.
- To build repositories of current practices and lessons learned.

### TOPICS OF INTEREST

1. Artificial Intelligence
  - Expert Systems
  - Fuzzy and Neural Computing
  - Image Processing
  - Natural Language Processing
  - Robotics and Automation
2. Computer Science and Engineering
  - Algorithms
  - Embedded Systems
  - Engineering Management
  - Social and Professional Issues
  - Theory of Computations
3. Data and Information
  - Applications of Databases
  - Data Mining and Warehousing
  - Database Models and DBMS
  - Information Retrieval
4. Information Science and Systems
  - Cryptography - GIS
  - Information Security - Knowledge Management
  - Multimedia Systems - Pattern Recognition
5. Internet
  - e-Government and e-Everything
  - Internet Governance and Marketing
  - Second Life and Avatar
  - Social Impacts of the Internet
6. Social and Professional Issues
  - Computers Ethics - IT Law
  - Intellectual Property

### ABSTRACT AND PAPER DETAILS

Abstract and paper must include, in the main body of the document, a title, names and affiliations of all authors. We also require a postal address, telephone number and email address for at least one contact author. The font must be Times New Roman. Only the title must be in 14pt

font, centered and in bold. The names and affiliations of all authors (including the details of the contact author) must be centered, but not in bold. The rest of the text must be in 12pt and justified in two columns. See example at [www.eLearningAP.com/eLAP2007/formatofpaper.htm](http://www.eLearningAP.com/eLAP2007/formatofpaper.htm).

### Abstracts and papers should state clearly:

- (1) The main objective of the paper.
- (2) The key issues, "conversations" and/or literature that the paper will address or draw upon.
- (3) The nature of any data, case-study material, reviews of literature, etc.
- (4) What has been found from preliminary analysis of any data, etc.
- (5) The intended/actual contribution of the paper to knowledge and practice in the field of Information Technology.

### Abstracts and papers should be submitted by e-mail attachment to:

Prof.Dr. Srisakdi Charmonman  
 Honorary Chairman of the Conference Organizing Committee  
 E-mail: [charm@ksc.au.edu](mailto:charm@ksc.au.edu) Web: [charm.au.edu](http://charm.au.edu)

### IMPORTANT DATES

Abstract submission deadline: 15 January 2009  
 Notification of acceptance: 1 February 2009  
 Final paper due: 15 February 2009  
 (not more than 3,000 words)

### ABOUT SIMILAR CONFERENCES

The International Conference on IT is organized similar to the International Conference on eLearning. The International Conference on eLearning for Knowledge-Based Society was first organized in 2004 (eLearningAP 2004). The Conference has been officially supported by the Ministry of Information and Communication Technology of Thailand.

- eLearningAP 2004 included 42 papers from ten countries and attracted more than 800 participants.
- eLearningAP 2005 included 36 papers from eight countries and attracted more than 1,000 participants.
- eLearningAP 2006 included 49 papers from 15 countries and attracted more than 1,000 participants.
- eLearningAP 2007 included 37 papers from 15 countries and attracted more than 1,000 participants.

Accepted papers will be published in the Special Issue of the International Journal of the Computer, the Internet and Management (IJCIM), [www.ijcim.th.org](http://www.ijcim.th.org).

## **Message from His Excellency General Surayud Chulanont (Ret.) Prime Minister of the Kingdom of Thailand**

I am most delighted that the Kingdom of Thailand has been honoured with hosting the fourth year the International Conference on eLearning for a Knowledge-Based Society is being held in Thailand. I welcome the presence of educators and Information Technology professionals who have gathered in Bangkok to share their research and ideas. I am certain that out of the papers that are presented and the discussions that take place, many fruitful ideas will emerge that will contribute to the education of present and future generations.

We in Thailand are committed to maximizing educational opportunities for our citizens, and technological advances will play a critical role in our realization of that commitment. Indeed, eLearning will play an increasingly important role in all education. But I believe it will play an especially critical role in countries such as Thailand, where it is very important to create education equity between urban and rural areas which in the past have often been educationally underserved and where rapid economic and social change makes lifelong learning not only desirable but indeed a necessity.

I am very excited by the opportunities that technology will open up for our nations and the ways in which it will expand the potential for self-fulfillment of our people. No longer is education only a matter for young people. Through eLearning, it is becoming an ongoing and ever-expanding process. And the benefits to be realized by this expansion are obvious. Workers will have the skills not only to perform their jobs effectively, but to take part in the continual development of new economic opportunities. At the same time, our political life will draw critical strength from an increasingly well-educated and informed citizenry.

This Conference thus has wide-ranging implications for the world of tomorrow. I therefore would like to thank our sponsoring organizations and all the members of the Organising Committee, led by Prof.Dr. Srisakdi Charmonman, for their hard work. I would also like to thank all the participants for their significant contributions to the Conference's success.

General  (Ret.)

(Surayud Chulanont)  
Prime Minister
